(ASSOCIATED PRESS NIGHT REPORT.)

BURLINGAME (Kan.) July 18.—Joseph G. Cannon will not abandon the race for Speakership in the next House of Representatives, he made plain at the conclusion of his speech at Emporia, Kan., this afternoon.

He said he would abide by the will of the people.

the Republican caucus if the Republicans control the next House, but that no "muck-raking magazines" could make him say he would not be a candidate. In other words, he said he would not make an effort to win the Speakership, yet the emphasis with which he spoke made it plain that if the Republican caucus should

Speaker Cannon's remarks on leadership were made just before he left the platform at Emporia to catch a train for Burlingame, where, tonight, he made his third political speech in the Kansas primary campaign.

Speaker Cannon's utterances on the speakership follow verbatim:
"I am Speaker, and in March, next will have been Speaker for eight years, a longer continuous term than any man ever served as Speaker since the foundation of the government. There was only one man who has had

longer service as Speaker than I have had, and there was an interval of four years in his service. That was Henry Clay, who, in the aggregate, served ten years as Speaker. "Somebody has got to be the scapegoat through magazines and letters. Candidates for Congress are asked: Will you pledge yourself not to vote

"Oh, the scapegoat! This little island of clay cannot bear many sinners off into the wilderness. If my constituency is as kind to him as it has been for thirty-six years, I will go back if God spares my life, and be in the next Congress, either in the majority or in the minority, and I would

Whether there be there in a Republican minority, a real virile Republican minority, than to be one of any apparent majority that could not take account of stock and know from one day to another whether it was the majority or the minority.

WILL ACT WITH CAUCUS.

"They wanted me to pledge that

"They will meet in caucus and select a candidate for Speaker. I will be there at that caucus and I will vote for the man the caucus selects.

"I know of no crime I have committed that should bar me from entering Congress."

"If you ask whether I want to be Speaker of the House longer than eight years, I have been Speaker that long because my friends thought that I would be most useful as a member of Congress in the position. But as long as God lets me live the muck-raking, periodicals and the so-called independent or transient Republican press."

MEMPHIA (Kan.) July 18.—Speaker Joseph G. Cannon, before beginning a speech here at 4 o'clock this afternoon, again suffered much discomfort from the heat. While Representative Miller was making an introductory speech, Mr. Cannon rubbed his head and neck nervously. However, he showed no signs of collapsing when his

After beginning his speech, however, Speaker Cannon proceeded with his accustomed vigor. He said in part:

"I am asked whether a man should be independent in Congress. We've got a Republican Senate by the skin of our teeth."

THREE PRISONERS ARE THOUGHT TO BE ROBBERS OF ESPEE TRAIN.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, July 18.—[Exclusive Dispatch.] Betrayed by the number of their revolvers as the two desperate train robbers who held up and robbed the Southern Pacific east-bound China and Japan Fast Mail train No. 10 near Goodyear's early on the morning of April 17, last, two men giving the names of James C. Brown and Charles Dunbar, captured as horse thieves by Constable Mike Judge of the American-River township last Saturday night, are now behind the bars in the County Jail. They will be taken to Benecia by Sheriff McDonald of Solano county tomorrow.

Not only do the numbers of the three revolvers taken from Constable Judge's captives tally with the numbers of Western Nevada, was drowned.

With some companions she was driving down the cañon when a torrent of water swept the horses down the mountain side. Mr. Brockhaus, of the party, rescued his wife and two small children, but Miss Parks went down burning while attempting to clear the street of a live wire.

KEENE AFTER HILDRETH.

NEW YORK, July 18.—James R. Keene and S. C. Hildreth are fighting neck and neck for the honor of heading the list of winning owners for the season. Including the races run on Saturday, less than \$1000 separated the two men.

Hildreth is at the top with a total of \$1,000, having passed Keene early last week, thanks largely to Dalmatian which won the Seagate stakes on Wednesday and the Troquois stakes on Friday.

August Belmont is a close third with \$800 in young numbers to his credit while R. T. Wilson, Jr., is fourth on the list with about \$31,600.

OREGON CHAMPIONSHIPS.

ASSOCIATED PRESS NIGHT REPORT.

PORTLAND, July 18.—The Oregon State tennis championship tournament opened here today on the Clifton courts. More than forty preliminary sets were played.

Nat Emerson, western champion, was scheduled for a contest, but his opponent did not appear.

Both Emerson and Miss Hazel Hotchkiss of Berkeley, the national woman champion, are scheduled for games tomorrow afternoon.

COPY AMERICAN METHODS.

English and Yankee Poloists Draw Closer Together in Compilation of Rules.

ASSOCIATED PRESS NIGHT REPORT.

NEW YORK, July 18.—The New York Polo Committee today received news from England informing them that the committee of the Hurlingham Club decided to copy some American methods in an effort to obtain a sounder game. The English committee has ordered the abolition of the recent form list and the substitution of the American system of handicapping players by points as a better means of classifying them.

As an instance of what the change means, it was pointed out here today that the Hurlingham recent form list for the present season contained the names of more than thirty men who are regarded as first-class players. When, however, these same men have been handicapped by points on lines similar to that adopted by the American Polo Association it will be seen that as wide margins as four points separate some of them.

SHE BOSSES CHICAGO POLICE.

Chief Steward Goes on Vacation and Leaves Miss Kate Adams to Do His Work.

CHICAGO, July 18.—(Exclusive Dispatch.) Miss Kate Adams, secretary to Le Roy T. Steward, Chief of Police, became actual head of the department today when the chief started forth on a week's vacation trip and for the first time in history, 3000 blue coats fell under the rule of a woman.

Assistant Chief Schuetzler is, of course, officially the acting chief, but Miss Adams is carrying on the work. Chief Steward does when he is here.

Keen, alert and purposeful, Miss Adams took the helm and directed the routine of the busiest police department in the world. The observations she has made in the months since her appointment as Chief Steward's "confidential man," have prepared Miss Adams to step into the chief's official shoes.

Don't Be Bald Almost Any One May Secure a Splendid Growth of Hair. You can easily find out for yourself if your hair needs nourishment. It is thinning, getting dry, harsh, brittle, or splitting at the ends. Simply have to pull a hair from top of your head and closely examine its root. If the bulb is plump, rosy, it is all right; if it is white, shrunken, your hair is diseased, needs nourishment.

We have a remedy for hair trouble that cannot be surpassed. It has record of growing hair and curbing baldness in 93 out of 100 cases when used according to directions for a reasonable length of time. It will grow hair on bald heads if the scalp is not glazed and shiny. That's what seems like a strong statement—it and we mean it to be, and no should doubt it until they have our claims to an actual test.

We are so sure that Rexall's Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop fall hair and grow new hair, that we usually give our positive guarantee refund every penny paid us for Rexall's "93" Hair Tonic in every instance where it does not do as we claim. It fails to give entire satisfaction to user.

Rexall's "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, does not grease or gum the hair. Have it in two sizes, prices 50c and \$1.00. We urge you to try Rexall's "93" Hair Tonic on our recommendation with our guarantee back of it. Certainly take no risk. Remember, only obtain Rexall Remedies in Los Angeles only at our stores, The Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash. and Portland, Ore.

ASSOCIATED PRESS NIGHT REPORT.]

ENVER, July 18.—"Burrhead"
The Western Federation of
Miners has just commenced to fight,"
declared John McLennan, president of
Colorado State Federation of La-
bor, in welcoming the delegates to the
annual convention of the Western Fed-
eration of Miners, which opened here
today.

McLennan predicted an unrelenting
fight by capital against labor unions
declared he could hear "mutter-
ing" of the coming storm which labor
did not afford to ignore.

He warned the delegates against in-
ternal dissension and declared the
Western Federation of Miners would
be hoist the flag of surrender.

Today's session was devoted to ad-
dress of welcome and the appoint-
ment of a committee on credentials.
Charles H. Meyer outlined the an-
nual report, which will be delivered
before the Associated Press. He
declared he will recommend the ap-
pointment of a committee of seven
to assist in organizing a
union party in Arizona and New
Mexico.

An effort will be made to secure con-
ference of the constitutional convention
to force the adoption of measures fa-
vorable to organized labor in the Con-
stitution. Meyer said that if the
convention is authorized and he is given
power to appoint its members, Joseph
M. Sullivan, member of the Executive
Committee of the Federation from Ariz-
ona, would be named as chairman.

Meyer is sanguine of success in Ariz-
ona because of the strength of la-
bor in that territory. He is
dubious about New Mexico, but
wishes to divide the constitutional con-
vention so that the labor delegates
hold the balance of power.

The federation will demand that the
constitutions of Arizona and New
Mexico limit the power of the district
courts to grant injunctions against la-
bor unions.

Meyer's report will advocate the
issuing of a suit in South Dakota to
terminate the legality of the card
system by which a miner is compelled
to sign an agreement never to af-
fine with a labor union before he can
work in the Deadwood district.
Meyer will also attack the law cre-
ating a bureau of mines, declaring
the measure was so amended in
Senate at the instigation of the
silver interests as to except Alaska
from control of the bureau.

Meyer declares the federation has
paid-up membership of 52,000, and
membership of 74,000 whose dues
less than three months in arrears.

PENNSYLVANIA AGREEMENT.

Lead and Trainmen Reach Under-
standing for Settlement of Wage
Controversy.

ASSOCIATED PRESS NIGHT REPORT.]

PITTSBURGH, July 18.—Gen-
eral Manager W. H. Meyers of the
Pittsburgh Railroad and the com-
mittee representing the 15,000 trainmen
of conductors employed on the lines
of the road east of Pittsburgh today
reached an understanding for settle-
ment of the wage controversy. Each side
claims to have gained all that it had
been contending for.

The negotiations have been in pro-
gress for six months, and culminated
last week in the strike vote by the
men. The proposition offered to-
day by the railroad and accepted by
the men, includes a minimum day of
nine hours as detailed in the New York
central award.

The question of overtime was left
to be decided at later conferences.
It was further agreed that the men
could be guaranteed twenty-six days'
work a month. While the men ac-
cepted this as a concession, the rail-
road officials say that during the re-
cent hard times the men were bene-
fited by being worked on short time
instead of being laid off altogether.

UNDERSTANDING REACHED.

PITTSBURGH, July 18.—An under-
standing of what each side to the
controversy can consistently agree to
has been reached by the Pennsylvania
road, west, and its employees through
a joint committee of the latter rep-
resenting the conductors, trainmen's
and firemen's and engineers' organiza-
tions and the officials of the com-
mittee. Further conferences may be
held for several days.

ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON (Pa.), July 18.—
Twelve well-known Washington resi-
dents from twelve to forty-nine years
old, will receive hearings before a
magistrate for playing poker in the
middle of the road at Canton township
yesterday afternoon.

These men spread a newspaper on
the road and forced automobiles and
buses to go around them by way of
a ditch until complaint was made and
they were gathered in by three police-
men and a constable. Two hundred
dollars in the pot was taken by the
police for evidence.

SEALED ORDERS.

through trips are to be raised from
2.50 to 3.25 a mile, and brakemen from
1.50 to 2.25 cents.

"On the lines between Montreal and
Ottawa, conductors are raised from
\$110 to \$140 a month; baggagemen, \$70
to \$85, and so on.

SUGGESTS ARBITRATION.

"When I put this to the men, I said,
further, that this was a large increase,
but that if they did not think it sat-
isfactory, there was still another alterna-
tive. I said I was willing in such case
to put it to the arbitration of a board
of expert railway men as to whether
the proposition was fair and would be
willing to abide by the decision.

"Further, I said to the representa-
tives of the men: 'Suppose a strike is
brought on with all its disturbances of
conditions and business, what shall
we do eventually but settle as I have
proposed? You will have displaced a
great many men, created great losses
all over and to the farthest ahead. But
they refused to listen to this.'

REKS TO DIFFER.

Vice-President Murdoch of the Broth-
erhood of Trainmen, said:

"The company's proposition, which
Mr. Hayes said was its estimate of the
award of the Board of Conciliation,
was very far from being anything like
the board's award, we thought, and in
the great majority of cases where
rates had been specified, these rates
were very much below those suggested
by the board.

"For instance, on the Portland-Mon-
treal run, we offered Mr. Hayes offering
\$2.25 per 100 miles to a passenger con-
ductor, instead of \$2.45 8-10, as filed in
the board's award; we find in the
Montreal-Toronto passenger run, he
offers conductors \$2.31 per 100 miles,
instead of the board's award of
\$2.45 8-10.

"Mr. Hayes ignored entirely the
board's recommendation to standardize
conditions on the Grand Trunk, and its
recommendation to put into effect the
mileage basis of pay for either passen-
ger or local freight service. Instead,
he proposes to perpetuate existing con-
ditions and in some ways to make
them much more objectionable, since
there would be greater inequality than
in the past."

Asked to what backing the interna-
tional unions will have for such an
extensive strike, Mr. Murdoch said:

"There is a protective fund of one
million dollars back of us now, and
there will be no difficulty in getting
\$50,000 a month to keep the strike
going."

The Central Vermont, which is con-
trolled by the Grand Trunk, made the
effort to prevent its men going out by
appealing to Washington under the
terms of the Erdman Act. Vice-
President Murdoch of the trainmen this
afternoon received a telegram
signed by Martin A. Knapp, chairman
of the Interstate Commerce Com-
mission, and Charles P. Neill, Commis-
sioner of Labor, expressing their
willingness to use their offices. To
this, Mr. Murdoch replied:

SLIM HOPES.

"The situation is such, considering
the attitude of the company, as to
leave small hope for settlement as a
result of mediation. These men leave
the service this evening."

The order of closing the shops all
along the line of the Grand Trunk
will affect 5000 men, of whom about
700 are in Montreal. It is understood
that a considerable number will be
offered a chance to take the places
of striking conductors and trainmen.

The only passenger trains scheduled
to Bona Venture depot after the strike
order went into effect, the Toronto
Express and a local, pulled out with-
out any delay due to the strike. The
express was manned by the crew of
French Canadian, old employees of the
company, not members of the union.

ROAD TRAGEDY.

ASSOCIATED PRESS NIGHT REPORT.]

MARYSVILLE, July 18.—Spreading
of the rails at the approach to the
Southern Pacific bridge across the
Feather River, two miles north of this
city, at 1:30 o'clock this afternoon,
caused the wreck of the Oregon Ex-
press No. 15, south bound, the death of
Engineer C. A. Congdon and Train Dis-
patcher D. W. Corcoran and the seri-
ous wounding of Fireman A. D. Olson,
all three of Sacramento. Engineer
Congdon was instantly killed when he
went over the bridge with his engine
and Corcoran was so badly scalded by
escaping steam that he died within a
few minutes.

Though the mail car went partly over
the embankment and the first coach
was badly shattered, only one injury
besides the crew was represented.
Mrs. J. H. Schultz of Fruitvale was

bruised. Running slowly to the ap-
proach of the bridge, the express
reached a point where the track was
being realigned. The weight of the
engine as it left the spreading rails
caused it to sink in the soft earth and
the tender and a portion of the mail
car, toppled over a twenty-foot em-
bankment carrying the crew with dis-
patcher Corcoran, who was riding in
the engine cab.

Seated in the cab of his engine, Fire-
man Walter Congdon, son of the dead
engineer, was halted at the scene of
the wreck when his train. No. 15,
pulled up northbound from Sacra-
mento. Swinging down to assist the
wreckers, he found the body of his
father lying at one side, where it had
been placed when taken from the mass
of twisted steel and iron.

Congdon was almost ready to retire
after many years of service on the

way telegraphers on the lines show no
signs of leaving their keys, but the
trainmen assert the telegraphers will
walk out tomorrow.

At Port Huron, trains left nearly on
schedule up to midnight in charge of
crews of strike-breakers. Eight men
armed with rifles were stationed at the
Grand Trunk depot and every train
crew, it was said, was armed with re-
volvers.

There was no attempt to interfere
with the movement of trains, however,
and little trouble is expected. The
Chicago train scheduled to leave De-
troit at 10 o'clock was delayed thirty
minutes within the city limits, and it
was reported that the Detroit-Mon-
treal train scheduled to leave here at
10:45 was stopped outside the city and
the passengers transferred to another
train. This, however, could not be ver-
ified.

All freight trains on the lines west
are dead, it is claimed, and but one
yard engine is in service.

BOUGHT THREE DAYS.

Police and Relatives Looking Closely
for a Young Man from the Im-
perial Valley.

George Seebaldt, a young ranchman
from Imperial Valley, is sought by
his relatives and the police. The quest
has been carried through three days,
and grave fears are entertained for
the young man's safety.

Seebaldt, who is 21 years of age, suf-
fered an attack of typhoid fever some
time ago, and this is feared to have
impaired his mentality. In addition to
this, he met with much trouble on his
ranch, owing to lack of experience and
insufficient equipment, and this preyed
on his mind seriously.

Last Wednesday he came to Los An-
geles and went to the home of one of
his brothers, Tom Seebaldt, No. 414
South Main street. He remained there
saying he was going to see a busi-
ness associate, but that was the last
seen of him. He had been in the
employment of the Times-Mirror Print-
ing and Binding House.

The missing man looks very young.
He is five feet and six or seven inches
in height, and weighs only about 110
pounds. He has blue eyes and blonde
hair, and is smooth shaven. He wore a
dark blue suit with a brown figured
vest and a light fedora hat. He never
used liquor and is known as a young
man of exemplary habits.

ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, July 18.—Under the
new dispensation of Mayor Gaynor
there now remain in New York just
six places where a wayfarer abroad
after 1 o'clock in the morning may
find a drink from the front door and
order a drink within the law.

The Mayor's scrutiny of the all-
night license list resulted in a second
cut today. The Mayor's policy is to
license only those restaurants patron-
ized by night workers, whose demand
for refreshments is legitimate.

OVER TEN MILLION INCREASE.

WASHINGTON, July 18.—The gov-
ernment's working balance in the
treasury jumped today to \$38,181,631,
increasing the total balance in the
general fund by \$10,494,424. There was
an excess of \$1,545,775 in the ordinary
disbursements over the ordinary re-
ceipts yesterday, but today the re-
ceipts, \$2,785,231, overcame the dis-
bursements by \$1,239,529.

The working balance yesterday was
\$27,733,206, and total balance in gen-
eral fund \$109,362,094, while the excess
of all disbursements (including ordi-
nary, Panama Canal and public debt)
over all receipts was \$1,239,529, while
today's excess of all accounts includ-
ing ordinary, canal and debt, was
\$1,042,329.

PLAN FURTHER DEMANDS.

SPOKANE (Wash.), July 18.—An
eight-hour day and higher wages; bet-
ter working conditions, a full train
crew, white flagmen and trainmen on
all trains and a mileage basis for pas-
senger brakemen are among the chief
demands to be made off all railroads
operating between Chicago and the
Pacific Coast and the Gulf of Mexi-
co, and including Canada, by rep-
resentatives of the Brotherhood of
Railway Trainmen who will meet in
St. Louis August 1.

The first information regarding the
meeting and the probable demands to
be made have just been given out here
by A. F. Whitney, second vice-presi-
dent of the order.

"Nothing to say on that subject."

"Nothing to say on that subject—
nothing to say about anything."
Mrs. Thomas, who had dressed her-
self beautifully, but heavily veiled, stood
by and smiled approvingly while her
husband refused to talk, nor would
she talk.

Several photographers tried to take
a snapshot of Mrs. Thomas, who
laughed the more heartily when sev-
eral photographers followed her, sur-
rounded her, hiding her from the cam-
era's eyes.

"I have a good mind to throw you
and your cameras overboard," shout-
ed Mr. Thomas, shaking his fist at
the photographers.

For the first time in the history of
Philadelphia an issue of city bonds at

The sale ended yesterday, when it was

thirty-year bonds had been oversub-

devoted to general municipal purposes.

When Lott Collins, aged 16, of Col-

affair for nearly a month. As he and
the young lady arrived at a park Sun-

and rushing away from the girl, placed
the muzzle of a revolver in his mouth
and fired. He died instantly.

SAN PEDRO ON RAMPAGE.

EL PASO (Tex.), July 18.—Owing to
heavy rains over Southern Arizona, the
San Pedro River is out of its banks
and causing much damage. The valley
for a distance of sixty miles has

in the vicinity of St. David, where a
cloudburst took place. The rains
broke a destructive drought of a
year's duration.

PLAQUE SUSPECTS IN CARACAS.

CARACAS, July 18.—Several of the

recently settled its dispute with the
government, has been granted a
petroleum concession on Paria Penin-

interior.

The election of Frank Wiggin, the
acting secretary of the Chamber of
Commerce, to a similar position in the
Los Angeles Convention League, at its
meeting last night, sets at rest any
apprehension that may exist as to the
actual identity of the two bodies.
Chairman Motley H. Flint made it
plaine that the league is not usurp-
any functions of the Chamber of
Commerce, but rather acts as a sub-
committee for it. Some difficulty has
been experienced by membership so-
cieties because of an apparent mis-
understanding that the two organiza-
tions are working along parallel lines, and
an unnecessary duplication of expense.
The original board of directors
named by the Committee on Incorpora-
tion, was revised somewhat by the
action, as permanent members, of
R. Ellis, Al Leroy, J. Jenkins, J.
H. B. Woodill to replace mem-
bers of the temporary board, resigned.
The following were elected officers:

der, chairman; H. Z. Osborne, sec-
retary; C. M. Toll, W. G. Hutchin-
son, J. S. Mitchell, Frank Wiggin,
F. J. Zeehandelaar.

In his speech of acceptance, Pres-
ident H. Flint voiced the aim and purpose
of the league:

"Appreciating the honor conferred
on me, I want to call the atten-
tion of the board, of the members and
every single citizen of Los Angeles
to the fact that getting conventions in
this city is not a matter of mere
sending circular invitations to them to
come. It's a regular business, an adven-
turous place and if we want to
we've got to get out and work."
The competition is keen, for citi-
zens appreciate the value of con-
ventions in the municipal improvement
entertainment that follows. If any
city, in this league or out of it, know
any convention prospect, let him
know it known to us, and it shall be
his business to look after it at once.
In active campaign for obtaining na-
tional conventions for this city was
announced. John J. Jones, past Grand
Master of Los Angeles Lodge No. 87,
O.E.F., expressed his belief in the
possibility of obtaining for Los Ange-
les the annual meeting of the sovereign
Lodge in 1911 or 1912.

This, as the speaker stated, is the
order for the largest order in the coun-
try will, he said, bring to Los Angeles
the Elks' Fellowship that will compare favor-
ably in numbers with the Elks' com-
munity, and at a minimum cost to the
city. Mr. Jones was instructed to
take the matter up at the Grand Lodg-
ing to be held in Atlanta, in Sep-
tember.

Upon the announcement by Pres-
ident Flint that he expects to attend
the meeting of the Supreme Knight
of the Knights Templar at Chicago
next month, with a view to securing
for this city the Supreme Conclave of
the order in 1912, \$200 was voted by
the league to purchase appropriate
souvenirs of Southern California to be
distributed along with its representative
these souvenirs will consist of 200
signature orange boxes, with real
orange in them, and a number of the
Supreme Conclave, Knights Templar
"Los Angeles—1912." Though
over, San Francisco, New Orleans
and Washington are already in the
field in competition for the honor.
Flint believed that Los Angeles
would get the plum.

He told the total roster of the league now
amounts to 226 members. A large addi-
tion from the ranks of local real es-
tate men was guaranteed by Robert
Barnes, representing the Realty Board.
The next meeting was set for the first
day in August.

OFFERED CASH TO GET OUT.

Evangelist Renigs and Gets the Icy Fist.

Spurns Disciples' Gold and Will Go It Alone.

Denounces Offer as from the Devil.

Somewhat unique in evangelistic negotiations is an offer that was made to Evangelist L. H. Koepsel by the Missionary Board of the Christian Churches of Southern California. Under date of July 13, F. W. Emerson, secretary of the board, wrote to Mr. Koepsel in the following terms:

"I am authorized to say to you that we will send you a check for \$50, on condition that you keep entirely out of both fields heretofore, and that all relationship, either implied or understood, with our board, shall come to an end. This proposition is absolute, and we mean by 'keeping out of the field,' to not even continue by correspondence, the stirring up of strife and setting of the elements of the church against each other in Redondo."

To go back to the beginning, it appears that Mr. Koepsel came here from St. Louis some time ago for the benefit of his health, and entered into negotiations with the Disciples Church of Redondo, for holding revival meetings at that place. A tent was erected for him, and he began his nightly quest for souls, preaching eloquently to the large crowds that gathered in the tent.

All went well until it dawned upon a portion of his audience that Mr. Koepsel was not preaching the gospel, as they understood it. The question arose among them as to whether he was preaching "repentance before baptism," or "baptism before repentance," and upon this rock the disciples of Koepsel split.

THE TENT DISAPPEARS.
According to Koepsel, one day he was summoned to the bedside of a sick sister, necessitating his absence for several days from Redondo, and when he returned, behold, the tent it was not.

The orthodox portion of his flock charged him with unscriptural teachings, and concluded that the best way to deal with the engagement was to remove the tent, and forthwith it was removed.

Koepsel gathered together the faction that agreed with him, and attempted to continue the meetings in a hall, and had, in the meantime, also begun a work of evangelism at Inglewood, but the tide was set strong against him and he had to give up.

He attempted to justify himself with the missionary board of the church, which has oversight of the work, and wrote to the effect that there was an obligation between them which should not be thus unceremoniously broken off. It was this letter that brought the offer of \$50 if he would quit the field.

In his letter of July 13, the secretary further set forth that petitions had been received from both Redondo and Inglewood, asking that he be not returned, denying any financial obligation whatsoever.

Evangelist L. H. Koepsel, who was offered \$50 to stay away from Redondo and Inglewood.

HELL "SELLA DA PAPE NO MORE."

NEWSBOY IS INJURED WHILE ON TRAIL OF PENNIES.

Struck by Automobile Little Fellow May Have Fracture of Skull. Father Reports to Police That He is Missing and is Heartbroken When Shown Unconscious Form.

"Boy, you no more sella da pape. I worka for all. Sacristo, I wake up in da night for black da boot and shoe and graba da mun," cried Lamo Balladino, No. 622 Castelar street, as he gave way to a frenzy of grief last night when he recognized a patient in the Receiving Hospital as his 9-year-old son, whom he had reported to the police as missing.

Vittorio Balladino recently reached a money-earning age and felt himself very much of a man. He sold papers and made sometimes 75 cents a day. However, the wealth did not satiate his appetite for financial glory and he was constantly dreaming of a period when he could make \$1 a day.

"It is bad for da boy to make beg mun. He is crazy wid da graat beg need, like poolempens," commented the father.

The old man told in his position as a bootblack and denied himself wine and tobacco in order that Vittorio should go to school and not work. Vittorio's heart was not with books and teachers. He saw only visions of shining nickels and dimes.

While dodging teams and vehicles at Third and Spring streets yesterday, Vittorio was struck by an automobile driven by J. F. Ormerod, a chauffeur. The little newsboy was picked up unconscious and rushed to the Receiving Hospital. He has a possible basal fracture of the skull.

The father hunted for his son and then told the police of his loss. He was taken to view an unknown Italian boy lying in the hospital.

Frantic cries and invocations to the saints brought no response from Vittorio. The old man sank to his knees clasping the silent child's head. "Madre de Dio, and you liv boy—you never work. I do it all," he sobbed.

EVIDENCE OF WRECK.

Lawyer Goes Down to Take a Bath and Is Startled—Change in Ocean Currents.

When George W. Knox, an attorney of this city, now occupying his cottage at Long Beach, went down to take an ocean bath yesterday morning at 6 o'clock, he was startled to find much fresh wreckage on the beach. It was mixed up with much quantities of kelp, and around a large mass of the latter a piece of two-inch cable about twenty-five feet long was wound.

Among the stuff he found were different articles of common seamen's clothing, an officer's cap and trousers, a woman's bath shoe, woman's stockings, child's stockings, some muslin sheeting, and many other things, indicating that they had been washed from the deck of a vessel in a storm.

DODGING "COP" NOW THE GAME.

Labor-Union Pickets Making Desperate Bluff.

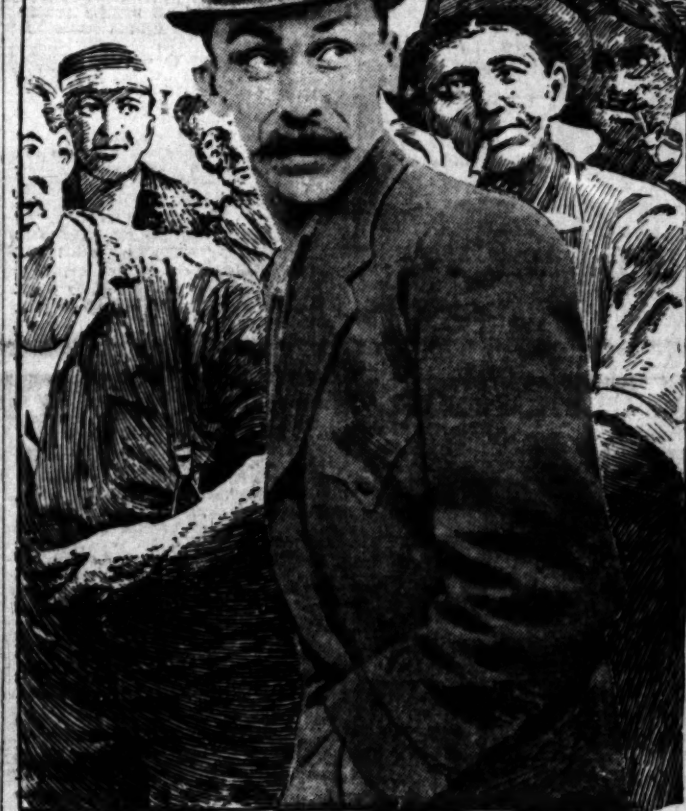

Strikers on Last Legs, Due to 'New Ordinance.'

Rigid Enforcement of Law Is Latest Order.

Undeterred by the city ordinance prohibiting picketing, a lot of laborites rowdies assembled as usual yesterday about the plants of the foundrymen, but were continually dodging to keep officers off the trail. The criminals circled around the independent saloons warning prospective customers against "unfair beer."

The action of the laborites shows that they have no regard for law and order. Often their loud-mouthed spokesmen have declared that the union men did not desire to violate any law, but were only struggling for their rights. The union agitators prove out of their own mouths and by their own acts that they have no love for order and despise the laws of the land.

In front of the Union Tool Works

Picket Ray Dallas, who was conspicuous among those dodging about the Union Tool Works yesterday. The camera man took him by surprise.

There were several pickets. One, Ray Dallas, was photographed by The Times, just as he turned to look at the little group of newspaper men. He swore violently and started after the photographer when he saw the man "snapping" him.

As a matter of fact the police will have to look carefully after the boastful violators of the law. At first there will be many arrests, no doubt, but after a time it is probable that the agitators will weary of becoming "martyrs" and serving time in jail for disobeying the terms of the new ordinance.

LEGAL DEFENSE.
But the friends of industrial freedom now have a powerful weapon of offense and defense. While there will be picketing as long as the murderous San Francisco hindings remain in Los Angeles, the pickets will be in effect outlaws and habitual criminals. There will be no excuse for violating the law. They will simply proclaim themselves dangerous characters who should be in jail.

The employers are much encouraged over the way in which things are coming about. They say they have plenty of independent workmen and have orders to keep the men steadily at work for months to come. The employers would like to see the threatened referendum invoked by the laborites. They believe the result will be an overwhelming vote in favor of an open shop city.

What acts of violence are to be expected on the part of the desperate San Francisco bosses, the manufacturers do not fear the final outcome. The victory is already theirs and it is only a question of time when the agitators will call off their dupes and leave Los Angeles in disgust.

HE WRITES TO HIMSELF.

Audacious One-Legged Man Caught Trying to "Job" Associated Charities in a Queer Way.

As a "come-on" man, one-legged Frank Short made up in audacity what he lacked in smoothness. He was arrested yesterday by Patrolman Dennis Murphy, who locked him up under a vagrancy charge.

Murphy was in the clothing store of J. Goldsmith, No. 200 North Main street, trying on a coat and vest when Short hobbled in on his crutches. "Say, you got an old envelope with the San Francisco postmark on it?" sang out the cripple to the clothier, sliding up to him familiarly. His appearance interested Murphy, who had removed his coat and vest and seemed a civilian.

"What do you want with that envelope, lad?" he asked Short. "Oh, that's easy," was the ready answer. "You see, I went to the Associated Charities and told them I wanted a ticket to San Francisco. I give 'em the guff about my folks being there and me being here sick, see? They told me to show them a letter from my folks in the envelope what it come in. So I just wrote a letter to myself and I want an envelope to put it in. Here's the letter."

He unhesitatingly held this out to the gaping officer. "Dear Frank—Well, I was glad to hear from you. Frank, I heard from grandma and she wants you to stay with me for a while till you get your health back. Do as she says and not have her worrying. Your Uncle John could get you a night watchman. So you come up hear and stay with me for a while. Yours, Eva Palmer, 204 Maple av."

"When Murphy got his breath back it was Short's time to gasp, and he hasn't ceased yet.

SUMMER TIDE HIGH ROLLER.

Never Such a Rush Hither at This Season.

Fifty Thousand Visitors, the Hotel Men Say.

They Flock in Now as They Do in Winter.

The greatest influx of fugitives from the hot breath of Los Angeles has ever known is now in full swing. The hotels of the city which have heretofore looked upon July, August and September as the lazy, hazy months, when a half house count was a thing to be remembered for posterity, have found themselves confronted with conditions which have usually obtained only during the height of the winter season.

That there are at present fully 50,000 visitors either in Los Angeles proper or making the hotels and apartment-houses of the city their headquarters while fitting from one beach to the others, is the consensus of opinion of the hotel men. They have heretofore looked upon the summer months as a placid period when the needed renovating and improving could be done. At present, with plans perfected for the expenditure of three times the amount of former years, they find themselves confronted with practically a capacity business.

The hotel men say that never before in their experience has this condition existed. The phenomenal business enjoyed by the hotels last summer was accredited to the Alaska-Yukon-Pacific Exposition, and it was expected that this summer's influx of strangers would drop far below.

Things began to stir with the coming of the national convention of Railway Telegraph Superintendents, immediately followed by the convention of the Freight Claim Agents' Association of the United States. The fact that the greatest excitement in the history of the country "broke loose" in California during the summer was a long stone which drew thousands of people interested in petroleum and the making of money to Los Angeles. These conditions, coupled with the fact that the state has been more systematically advertised throughout the East than ever before during the last year, in the opinion of the hotel men, led to the present unprecedented business.

MANY FROM THE NORTHWEST.
"It is not only from the East that people are coming to Los Angeles this summer," said Harry Brandt, district passenger agent for the Pacific Coast Steamship Company, last night, "but the Northwest is sending an unusually large number of people here. The steamer President will land Tuesday with a passenger list of 400, and this condition has obtained for the last several weeks. The Governor and the Santa Rosa have the same things to report. Heretofore we have always had an overflowing passenger list northbound, and a very light one southbound during the summer months. This summer it seems to be reversed."

"We always count on the middle of July as the bottom of our year's business," said S. J. Whitmore, vice-president and general manager of the Alexandria, "but this summer we have been agreeably disappointed. When we expected the lull to come, it failed, and instead our house count steadily grew. I have been astonished at the volume of summer business which is coming to Los Angeles, and can only explain it by saying that the old-time shibboleth of this being a one-season city has been dispelled, and the travel is recognizing that perhaps the most beautiful time of the year in Southern California is our summer months. The fact that Los Angeles is growing so rapidly is one of the greatest factors in drawing more people."

CROWDED AS WINTER.
C. A. Knapp, manager of the Van Nuys, stated that there has scarcely been one week of the present summer when the influx of guests did not tax his house to capacity. A. J. Pedersen, chief clerk, who has been with the Van Nuys for years, stated yesterday that it is the greatest summer business since the hotel opened. "It has come to be that we cannot differentiate between the winter and summer business," said Mr. Pedersen yesterday, "several years ago the clerks of the hotels were accustomed to place a bell boy in charge during the afternoon of a summer day and retire for a siesta. The rush of business during the present season has called for the active work of every member of our organization."

The Angelus and the Lankershim have identical reports to make. Harry Loomis of the Angelus stated last night that he had expected this summer's business to fall below that of last year owing to the Alaska-Yukon-Pacific Exposition sending so many thousands to Southern California, but that the shortage has not been encountered, and in its stead has come a substantial increase.

The apartment hotels scattered throughout the Westlake district have as a rule been abodes of silence during the summer months. The regular guests which they entertain during the winter months hide themselves to the beaches or the mountains, and these places are seldom taken. It has been an agreeable surprise to the Leighton, Alvarado, Pepper, Hershey Arms, etc., and the Hotel Hollywood, in Hollywood, to find that the apartments vacated for the summer by the winter guests have been eagerly taken up by the fugitives from the heat of the interior in the Southwest.

CROWDED EXCURSIONS.
The tourist excursions which are operated out of Los Angeles by the different companies have been crowded to suffocation by those eager to see all the beaches on one trip and then make their selection as to where to remain for a period. To the mountains resorts the Hollenbeck, which is the headquarters for the Hassayampa Club and a great many Arizona people coming to the city for the summer, has been overwhelmed for the past month, and there is no relief in sight. The height of the Arizona hagra to Los Angeles is reached during August. John S. Mitchell, manager of the Hollenbeck, stated last night that his hotel is housing more Arizona visitors than ever before during this time. "And heretofore," said Mitchell, "the hotel has always been full."

WHAT, AGAIN? WOULD SHAKE DICE SHAKING.

POLICE COMMISSION INDORSES EDDIE'S APPEALS.

Wants City Council to Take Quick Action on New Liquor Ordinance, Now That Special Election is Over, and for Another Referendum Vote. Pinching Saloons.

The Police Commission indorsed Guy Eddie's liquor ordinance and Guy Eddie's appeal for another vote of the people on the anti-dice shaking ordinance last night. In one case Eddie is the victim of the Council's fear of political consequences, and in the other the commission is the victim of Eddie's ignorance.

The new liquor ordinance has been complete for many weeks, but was held up pending the \$35,000 Plant-Works election, because it was feared it might stampede the liquor allies of the Good Government party. Since then the Council has dodged it every chance, even ignoring Eddie two weeks ago, when he sought to call attention to it and gain a hearing in the committee of the whole.

The Police Commission was rather hot last night and directed that a letter be sent to the Council urging immediate action on it, or at least the portion aiming the police to break up the numerous blind pigs operating as social clubs.

PUBLIC SERVICE---Courts and Offices.

SUMMARY OF THE DAY.

The bond syndicate has agreed to increase its offer to the city, and will sell \$500,000 additional aqueduct bonds.

C. E. Cook, convicted of kidnapping and carrying two newboys who had offended him by their bad language, was fined \$25 by Police Judge Chambers yesterday afternoon, and the judge lectured.

J. P. Cassidy, the young musician who said it was for love of a young woman whom he could not support that he became a burglar, was bound over to the Superior Court in the sum of \$1500.

AT THE CITY HALL.

AQUEDUCT FUND IS GROWING.

BOND SYNDICATE INCREASES ITS OFFER TO THE CITY.

Nearly Three Millions in Sight of Finance Committee and Only Delay Is Caused by Answer from Big Insurance Company—Accelerated Work to Start Soon.

A reply from the New York Life Insurance Company to a telegram sent by the Mayor last week will determine whether the city will have \$2,500,000 for aqueduct purposes until February next or half a million less than that sum.

The insurance company offered to take \$500,000 of the bonds if not obligated by the syndicate's option, which the insurance laws of New York forbid. The Mayor's telegram was an assurance that the bonds would be sold by the syndicate unconditionally, the syndicate having given assurance that it would waive its rights. No answer was received by the Mayor yesterday, but one is expected today, saying the company will take the bonds.

An answer from the syndicate was received by Chairman Washburn of the Finance Committee yesterday. It not only waived its option rights as to the bonds wanted by the New York and Metropolitan life insurance companies, and its offer to advance its December payment of \$500,000, but also offered to sell \$500,000 additional at par in order to provide the city with funds.

This final offer put the syndicate in the attitude of enabling the city to get \$2,500,000 at once and is received joyfully by the officials. Whether it resulted from the city's firm refusal to make a trade of the harbor and power bonds in connection with the aqueduct finances or whether it was merely the best result of the syndicate's efforts to provide funds that brought the enlarged offer is not longer disputed by the officials who feel that the syndicate is now earnest in its efforts to finance the project.

The syndicate's offer was considered by the Finance Committee with its Advisory Committee of bankers yesterday afternoon, but no announcement of the revival program for the aqueduct was made because of the delay in the insurance company's answer. It is understood, though, that it is an extra half million is sold by the syndicate the local banks will not be called on for a little more than the same amount which was subscribed last week. But the sale of \$100,000 of free bonds, now in the sinking fund, to the Merchants' Bank and Trust Company will be made. The sub-bank subscribed \$50,000 and the action of the syndicate relieves them of this subscription thus keeping the money for local business needs and supplying an additional amount from the eastern market.

The present situation is regarded as the direct result of the city's independence and display of ability to finance the project itself if the eastern bond syndicate failed.

Chief Engineer Mulholland says just as soon as the money is arranged for preparations for reviewing the work on a large scale will begin. It is hoped to close the transaction before today's Council meeting ends.

ROLL OF MERIT.

The annual report of Fire Chief Eley and Department Secretary Land was filed with the Fire Commission yesterday. One of the new things urged by the Chief is a "roll of merit" for the department by which deeds of bravery and courage by individual members will be commemorated.

Secretary Land's report shows there were 1182 fires last year, of which 1101 proved actual fires entailing a loss of \$574,955, much less than last year. Of these fires the cause of 563 were unknown, 308 were caused by matches and 363 by gas. There were 62 false alarms. Exploding gasoline stoves caused 30 fires, coal stoves 10, coal oil lamps 30 and exploding gasoline used in cleaning caused 25; crossed lines caused 25 and spontaneous combustion, which has usually led the gasoline engine, ran behind with only 15 cases.

INCINERATOR BID.

One bid was received by the Board of Public Works yesterday for the privilege of using the city incinerator. D. B. Lowe, who represents Joseph Mesmer and others, offered \$156.60 a month under an agreement, to operate the incinerator and keep it in repair for a period of five years. The plant is now costing the city \$4000 a year, and doing little service, but the new contract will bring an income of \$2000 a year and perhaps perform an important service.

The bid has not been accepted, but it is the contractor's belief that to burn all combustible rubbish offered him at 10 cents for a one-horse wagon load and 25 cents for a two-horse wagon load for dry material and wet rubbish, such as meat, fish and the like. He must also destroy all small pieces of metal, not included in the United Phosphate Company's contract.

MONEY FOR PARKS.

CENTRAL'S BIG SUM.

The annual estimate of the Park Department, filed with the Auditor yesterday, asks a total of \$337,065 for the year, which is almost double the amount allowed it last year. Of this amount \$123,900 is for payrolls and \$213,165 for maintenance. The remainder is for permanent improvements. Central Park reconstruction requires \$77,465, a new Savings Bank at Eagle lake Park requires \$20,000, the making of trails, fire breaks and water courses in Griffith Park will take \$25,000 and \$2000 is asked for the purchase of horses and mules for park work.

Acting under the decision of the Civil Service Commission the board yesterday reinstated John Harmon, who has been foreman at Griffith Park, and against whom charges were not sustained, but transferred him to the

taker. The transfer was palpably to put him in a position he would not keep.

Housing Report.

The Housing Commission in its annual report tells of the progress made in more sanitary dwellings for the poor in Los Angeles and enumerates forty nationalities now living in the city. The commission asks that its authority be defined by a charter amendment and that it be given charge of all tenements and lodgishouses. A secretary and another inspector at \$100 a month each are asked for.

Test Track Paving.

Acting on a report from the City Engineer that the Los Angeles Railway Company was not complying with the track-paving ordinance on Seventh street, between Broadway and Figueroa streets, the Board of Public Works yesterday asked the City Attorney to intervene. It is probably the company will be permitted to complete their work and prosecution will be made by the city in order to test the ordinance.

City Hall Briefs.

The Public Welfare Committee has recommended that the petition for a park and playground at Hooper avenue and Thirty-eighth street by assessment district plan be denied. The committee also recommended that the creation of an industrial district at Jefferson, Hope, Olive and Thirty-seventh streets be denied and will come before the Council today.

So far 322 protests against city assessments for taxation have been filed and there are still scores to come, among them several large corporations. Yesterday Thomas Higgins, one of the largest land owners in the city, filed his first protest, in many years at least, against his assessments, especially the Higgins building, north of the company at Second and Main streets. It was assessed at \$320,000, and he alleges it should be only \$25,000.

At yesterday's Council meeting returned to the Council the franchise for tracks in Alpine and Ann streets, for the Los Angeles Railway Company, with the query as to whether the rider provision is to be inserted or not. The franchisees were held up pending the settlement of this question, and if they are to be amended a new sale must be made.

SOCIETY LEADER PROCEEDS AGAINST STATE.

Action Necessary to Clear Up Cloud on Property Upon Which New Federal Building Is Located—New Defendant in Heron Case—Judge Convey to Hear License Suit.

The title to the property upon which is located the new Federal building; the State, and a San Francisco society leader, are involved in a suit which was to have occupied the attention of Judge Bordwell, yesterday, but was postponed a week.

The State, through Deputy District Attorney Shaw, has cast a cloud upon the property, which the government purchased from the heirs of John G. Downey, and an effort is now being made to clear up the title.

Downey died, March 1, 1894, leaving as his estate a valuable piece of land north of Temple street and bounded by Spring and New High streets. The death of heirs caused shares of the property to pass through several hands until it was all owned by Mrs. Eleanor Martin, who is prominent in the San Francisco society. J. Downey Harvey, Peter D. Martin, Walter S. Martin and Genevieve Good Riley.

They disposed of it at a good figure to the government, as a site for the new postoffice. The records at that time showed that the title was able to give a clear title to it. Shaw learned that no inheritance tax had been paid by the estate of Downey, and commenced a suit to collect it. He then and other heirs then brought suit against the State to quiet title. Shaw entered a demurrer to the complaint, and a hearing on the pleading was to have been given yesterday, but was postponed until next Monday.

NEW PARTY IN SUIT.

Permit was granted yesterday to bring in a new party as a defendant in the cross-complaint of Mrs. Amy A. Heron, who is being sued by N. C. Heron for a divorce. The case, which involves a variety of allegations, will be tried before Judge Houser.

Heron, who is 45 years old, is the "inventor" of a number of eucalyptus remedies. He gave the testimony upon which his spouse, who is twenty years his senior, was sent to prison on a charge of insanity, January 23, last. She was released June 6, and declared sane by the courts June 24. In her answer to the cross-complaint Mrs. Heron alleges that Heron unjustly caused her to be sent to the asylum when she was sane, declaring that he first gave her a "romantic" and then asked her to go out driving, and caused her to be placed in a cell at the County Hospital.

She alleges that she has property valued at \$100,000, and that she resides at No. 335 West Jefferson street, and avers that the property has a rental value of \$15. He rented it, she states, to N. Wallace Warman for \$25 a month, with the understanding that he would take his pay in lodging. Warman is the new party brought in.

Heron is accused of misconduct with a woman with whom he is said to have resided at No. 454 West Third street, Pomona, for a week. He also alleged to have taken her to the West Jefferson-street residence.

Mrs. Heron further asserts that her husband has been cruel to her, and has abused her because she inquired as to statements he made to a young woman who worked for him.

CONVEY TO TRY CASE.

POSTPONED LICENSE SUIT.

The hearing in regard to the temporary injunction which Judge Bordwell issued against the city, at the request of the Southern California Edison Company, the Los Angeles Trust and Savings Bank, the Security Savings Bank, the Southern Trust Company, the German-American Savings Bank and the Los Angeles Gas and Electric Corporation, was yesterday postponed for a week.

It came before Judge Convey instead of Judge Monroe's court, as the latter is disqualified on account of holding stock in one of the banks.

The injunctions are for the purpose of preventing the city officials from action under license ordinance No. 20,000.

passed upon by the voters at the election June 20.

A variety of reasons has been advanced as to why the law should be declared to be unconstitutional and invalid.

CHARGE IS MURDER.

UNRAVELING EVIDENCE.

Dist. Atty. Fredericks, assisted by Arthur Keetch, a deputy, will today begin to leave together the preliminary evidence against George E. Figueroa, who is on trial in Department Eleven on a charge of having murdered his bride of twenty-four days.

While there were two persons in the small house where Mrs. Sarah M. Pugsley Figueroa met death, when the bullet which killed her was fired, they will be of no assistance to the prosecution. One was Figueroa and the other was J. H. Surber, an oil-field worker. The former declares she committed suicide and the other says that he does not remember that happened, having been stupefied with drink.

The case is full of romance and mystery. Miss Pugsley and Figueroa eloped to Santa Ana. He is said to have killed another sweetheart for her. The couple quarreled from the first.

On Sunday night, May 22, Surber was invited to the home of Mrs. Elaine C. Sherman, aunt of the defendant, to remain until morning. It was planned that the two men should occupy a summer house in the rear of the home at No. 2305 Fourth street, Ocean Park, and that Mrs. Figueroa should remain with the aunt.

Figueroa insisted that his wife should accompany them. It will come to the smaller building. She did so. A short time later Mrs. Sherman was attracted by loud quarreling. She went to the house in the rear and called to her nephew. As she did so, the fatal shot was fired.

All of yesterday was consumed in impugning a jury. After five jurors had been heard in Department Eight yesterday, a decision will be rendered next week.

Magee is being sued by E. W. Branson on a note for \$350, which the former gave to Signe Cahen. The defendant declares that the instrument is without consideration and invalid because he gave it to settle up his losses in a crap game.

He also alleges that the money on deposit with the trust company is a remittance. He is the son of a wealthy San Francisco family. He said to be allowed to draw \$5 a day as long as he will stay in the city. The money is deposited here monthly and he can draw it day by day.

FOR LIQUOR CURE.

TWO YEARS IN PRISON.

Sam Carson will take heroic treatment for the liquor habit. It will consist of a term of two years in San Quentin. He was sentenced by Judge Willis on a charge of grand larceny yesterday.

Carson stole a horse while he was in California. When he came to court he admitted he had taken the animal, and said he would plead guilty. He told the judge that he was a periodical drunkard, and anything he did was wrong except when in his cups. He declared that he thought the only cure would be a term behind the bars.

The magistrate explained to him he was making the term short in the hope that he would break away from the habit and become a man when he obtained his liberty.

The hearing of the application of Elmer E. Rowell for probation was yesterday postponed until Saturday by Judge Davis.

LAPIQUE FIGHTS HARD.

COURT'S RULING PUT OVER.

John Lapique and his \$1800.000 damage suit held the boards in Judge Corey's court yesterday. For hours he resisted the demurrers of several of the defendants. The magistrate postponed his ruling until next Monday.

Lapique is seeking bail for his feelings which were hurt by the charges against him. He has charged every one, from Judge Monroe to the bailiffs, including the District Attorney and the witnesses, with having been guilty of false imprisonment and malicious prosecution, and asks \$50,000 from them.

The demurrers of Richard and Marie Corcoran, Louis and Camille Sentous, Jr., and the Franco-American Baking Company were argued yesterday.

COURTHOUSE NOTES.

SUEVES ATTORNEY, Judge Hervey yesterday sustained a demurrer to a complaint which Mrs. Mae Hildebrand filed last against Attorney Edward L. Hutchison. Mrs. Hildebrand is the administratrix of the estate of James C. Baruet and employed Hutchison in an account of his. She declares he advised her to expend \$25,000, which was not allowed her by the court. The judge held that she should have sued Hutchison in her private capacity instead of as administratrix.

OCEAN VOYAGE. Judge Bordwell decided yesterday that a stranger shall be the companion of Vera Blanche Schapp in an ocean trip to Seattle. In the hope that her mind may become clear, while away from all home influences. Her parents sought to have her returned to San Pedro and arrested, a medical student, wanted permission to marry her.

REPRESENTS HUSBAND. Two persons who have been found guilty of felony charges are the parties in a suit which was called for a hearing in Judge Corey's court yesterday. Catherine E. Smith, who abducted a child, is suing Attorney William J. Erickson. The latter is the paid lawyer to represent her in the Federal courts when he did not have the right to practice in them. It is alleged, however, that he is a doctor, and that the argument was postponed until next Monday.

WALKED HOME. C. P. Falso yesterday filed a suit asking for \$2500 from the Pacific Electric Railway Company for damages suffered when he was ejected from a car on May 1 of this year. He alleges that he gave up a return ticket for a car and was ejected a few minutes later the conductor demanded another fare. He avers that he would not pay it and was put off the car. He says he was injured by the passengers hurt his feelings. He spent his last cent to get back to the city on the next car and to walk home from the Pacific Electric Station.

LOST FINGERS. Through his mother and guardian, Mrs. Mary C. Manlove, William Manlove, 12 years old, yesterday filed suit against the Pyramidal Cement Products Company of Manhattan Beach, asking for \$500 damages for injuries suffered on May

was instructed to assist in putting on a chain belt and that his hands became caught in it. His third and fourth fingers and a half of the hand and the fourth finger on the left hand were amputated at the first joints. The case will be tried before a jury.

ADOPTION PETITION. Henry W. and Ida T. Reinhardt yesterday asked permission of the court to adopt Cecilia Josephine Jacobs, 10 months old. The child's father died November 25, 1909, and her mother, December 2, 1909.

CONTEST BETWEEN SISTERS. Judge Rives yesterday listened to the troubles of Clara Newton Catron and May Newton Levitt, sisters and joint guardians of Jacob Newton, their father who has died. The sisters often since their appointment. Unable to settle affairs among themselves, they have petitioned the court to straighten out the difficulties. It is likely that the court will discharge one or both of them and may appoint a disinterested party to look after the child. He is a resident of South Pasadena and is said to be worth more than \$200,000. He requires the constant attention of a nurse.

INCORPORATIONS. Articles of incorporation were filed yesterday by the Bank of Lankershim, capital stock \$20,000, subscribed \$25,000; directors, W. H. Brewer, M. H. Sherman, H. J. Hildreth, George Hanna, O. T. Hildreth, William E. Oliver, D. F. Hill, William Klump, H. L. McCabe, J. W. Deupree, Don Hoffman, Fred Weddington, Ross W. Wiley, Guy Weddington, L. Ketchum, Harry Chandler and C. M. Wilcox. The Pacific States Fire Insurance Company, capital stock \$200,000, subscribed \$250,000; directors, E. A. McElroy, J. G. McKerty, E. C. Mount, R. D. Selyman and William B. Ogden. The Pacific State Underwriters' Company, capital stock \$1,000,000; subscribed \$100; directors, F. M. Raiff, E. A. McElroy and S. Wyman Smith. The Pacific State Underwriters' Company, capital stock \$1,000,000; subscribed \$100; directors, F. M. Raiff, E. A. McElroy and S. Wyman Smith. The Highland Club, directors, Fred Hallert and twelve others.

KICKS URCHIN, GETS IN COURT.

NEWSBOY CERTAINLY KNOWS BILLINGSWATE.

Contractor, Who Resents Gutter Talk, Is Set Upon by the Gang. Court Fines Him and Threatens Boys—Heroine of Trick Bureau Pleads Guilty, Despite Protest.

C. E. Cook, a young contractor, was fined \$25 by Police Judge Chambers yesterday afternoon for kicking and cuffing Sammy Rosenfeld and Jacob Axelrod, two small newboys. Also the lady was severely lectured and threatened with being sent before Judge Wilbur for vagabondage.

Cook, it was brought out by the evidence, was standing in front of a cigar stand at First and Los Angeles streets, watching the repair of a show case he had accidentally broken the day before. Rosenfeld walked up and began playing with the poker dice. Cook warned him away, and was assailed with a flood of gutter talk, which he resented by kicking the urchin. He then caught him by the ear and led him to the nearest officer.

Axelrod and other members of the gang of newbies, rallied to the support of Rosenfeld, and the engagement became fast and furious for a while. Bystanders took the part of the newbies and Cook was arrested by the police. He had brought Rosenfeld, a tough and dirty bit of stunted humanity.

The language the boys admitted using was sickening, but the court held that Cook had no right to administer the punishment they undoubtedly deserved.

BUREAU CASE ECHOES.

COURT DEALS OUT FINES.

Dolly Baden, the woman arrested for conducting a disorderly house at No. 328 Aliso street, was fined \$125 by Police Judge Chambers, yesterday morning. In the afternoon she was brought up before Police Judge Fredericks, who gave her a suspended sentence of sixty days in jail, on a similar charge.

The Baden woman conducted the house in which Helen Moran, one of the officers, was arrested by hiding in a specially constructed bureau, whenever a raiding party approached. The Moran woman was represented by an attorney when she appeared before Police Judge Fredericks in the morning. She entered a plea of guilty, despite the objections of her counsel, and paid a fine of \$40.

SHE SMILES AT HIM.

CASSIDY PACES COURT TRIAL.

J. P. Cassidy, the young musician, was given a preliminary hearing before Police Judge Fredericks yesterday afternoon, and bound over to the Superior Court on a charge of burglary. He was unable to furnish \$1500 bail, and was remanded to the County Jail.

The specific charge against Cassidy was the burglary of the second-hand jewelry store of Henry L. Kohn at No. 305 East Fifth street, on the night of June 20. He was arrested July 13, when he tried to pawn one of the twenty watches stolen at that time.

Mary Anderson, the young woman for love of whom Cassidy says he was induced to steal, when he found he could not support her on a musician's wages, was in court and flashed a greeting to him. Cassidy was represented by Attorney Allender.

GOES TO JAIL.

CHAUFFEUR IS IN A HENRY.

Automobile speeders were heavily punished by Police Judge Chambers yesterday. H. A. Greeley, a chauffeur for the Oil Well Supply Company, who tried to evade arrest until the officers fired at him, forfeited a \$100 cash bail when his case was called. He was brought in on a bench warrant and sent to jail for fifteen days. His ex-wife was being in a hurry to get to the beach.

A fine of \$50 was assessed on F. G. Fredson, who had been warned several times. A similar fine was imposed on Fred Fredson, arrested for the second time. J. S. Hayes was fined \$25, and the amount was paid by J. S. Yada, who was tried in Police Judge Fredericks's court.

FISH PEDDLER'S HORN MUTE.

W. Gerber, the fish peddler, who insisted on blowing his horn too loudly last week, was let off with a \$1 fine by Police Judge Fredericks yesterday morning.

Thirteen violators of the muzzling ordinance appeared in the Police Court yesterday and paid fines. Mrs. A. Iseld of No. 5025 Wilton Place stated that she took the muzzle off her big bulldog to give it a bath and the dog was dying on the lawn, an officer came along and arrested her.

His Memory Is Jogged.
E. Gruer, a collector for the Los Angeles Brewing Company, arrested for failing to have a light on his buggy at night, told Police Judge Chambers that the strikers stole it from him. Cross-examination elicited an avowal that he had forgotten it, and his memory was jogged with a \$1 fine.

OFFICER GOES AFTER HORNING.

IS CHARGED AS ACCOMPLICE OF AUBLE'S SLAYER.

Reason for Prisoner's Release on Habeas Corpus Is Being Investigated at Sacramento, and Prosecution May Depend on the Result. Old Charges Are Not Outlawed.

A complaint charging Fred Horning, recently released from Folsom after having served part of a term, with being an accomplice of Carl Sutherland in the murder of Capt. Auble, was laid yesterday by Dist. Atty. Fredericks. An officer left last night to bring Horning here from San Francisco.

Whether Horning will be prosecuted on the charge which has just been filed will not be determined until the return of Deputy Dist. Atty. North, who is in Sacramento investigating the circumstances of Horning's release on a writ of habeas corpus.

Horning was the pal of the assassin of the police captain, and was sent to the penitentiary on a charge of assault with a Japanese with a deadly weapon. The District Attorney was astonished to learn that he had been released. He was a party to a hold-up in San Francisco.

As less than two years have elapsed since Horning was sent up from this city, the charge against him are not outlawed. The police declare that he confessed before he was taken away that he had assisted in an attempted hold-up of a train at Shorth and that he was a party to a hold-up in San Francisco.

"Why Didn't You Shoot?"

Said Gov. Judson Harmon, of the Commonwealth of Ohio, to Sheriff William Linke, chief peace officer of Licking county, "Why didn't you shoot the first man who entered the jail?" This is a very pertinent question, as bearing on the developments at the time of the inquiry, but it does not go far enough back, as an investigation of the disgrace which has been brought upon the fair fame of our sister State. The more important questions are: Why were the illegal saloons permitted to exist? Why did not the properly constituted officers of the law proceed regularly and persistently to close up these places long before the situation reached the acute stage? Why did not the police make a regular patrol of the city streets to see that the law was being obeyed, and not permit matters to go on growing worse and worse, until the law-abiding citizens, realizing that the city and county authorities would not perform their sworn duty, brought in a body of men to perform the work the public law officers were elected to perform and paid to perform? These are the pertinent questions in connection with the Newark affair. [Pittsburgh Chronicle-Telegraph.]

Because he refused to stay at home and persist in wandering about the street, Mrs. Burke of East Wylie avenue, Washington, Pa., sewed a label on the back of her husband's coat, and the label read: "This is Willie Burke. He is lost. So send him home to East Wylie avenue." Willie has been returned to his home several times by the experiment, and Mrs. Burke worries no more.

COMMERCE. CANAL MEANS NEW STEAMERS.

BRAZIL TO ESTABLISH DIRECT LINE HERE.

Commissioner in This Country to Investigate Commercial Conditions, Predicts Great Results from Completion of Big Ditch—New President May Visit This Coast.

Dr. Eugenio Dahne, a representative of the Department of Agriculture, Brazil, and a commissioner of that government, is passing a few days in this city. He is investigating agricultural and commercial conditions throughout the United States, and is bent upon extending the commercial relations between this country and the largest of the South American republics.

"With the completion of the Panama Canal, commerce between Brazil and Pacific Coast cities will be developed," said Dr. Dahne yesterday. "At the present time, there is only the water route and the long haul across the continent. When the canal is finished, it will bring our country and this splendid coast section at least 2000 miles closer."

"I am assured that Brazil will establish a direct line of steamships to ply between Rio Janeiro and the seaports of this coast, when the canal is opened. We have our coffee and other products. The steamers can return laden with your raisins, dried fruits and other articles needed in our country."

Dr. Dahne is much interested in the success of the Panama-Pacific Exposition. He declares that Brazil will undoubtedly send a fine exhibit to San Francisco, provided an invitation is extended. This will be done by the executive committee of the exposition. The commissioner believes the fair will tend to introduce his country's products to the western section of this country, and be of great educational value.

It is possible that President-elect Hermes Fonseca of Brazil can be induced to make a visit to this section. Gen. Fonseca has been given royal receptions in European countries, and he is now to visit the United States according to present plans, the distinguished South American will meet President Taft at Beverly about August 6 or 7, and later make a tour of the West. He will be given receptions and entertainment in the large cities. A plan is on foot to have a committee of representative Californians go East to extend a formal invitation to Gen. Fonseca to come out here before returning to his own country. Dr. Dahne will go to meet his superior officer, and at that time, will urge the inclusion of the Pacific Coast in the itinerary.

In accordance with long established custom, the President-elect of Brazil from the time between election in

Dr. Eugenio Dahne, Commissioner of the Brazilian government, who is visiting in this city on a tour of the country.

He was urged to begin several weeks ago, but his pledge to a client prevented him. I have known Ed Meserve for more than fifteen years. From the day he pleaded his first important case in court until the present time, he has always waived personal interests in behalf of others. He has more than once plunged into a hot political fight to help a friend. He has made enemies by doing so, but I think he has also made a lot of friends. He has a host of old pals who were in the Hastings Law School with him. They are working hard for him in the northern end of the State. Meserve will go to Riverside Thursday next. He will start his campaign in that city. Saturday there will be meetings at Redondo and a banquet in the evening. The report will be furnished by the Credit Men's Association. Meserve has always been a consistent Republican and his friends think he will prove a good vote-getter.

I don't hear so much about A. G. Spaulding's candidacy for the Senate hereabouts. He has announced that he will make a dignified campaign and let his friends place his name before the people. I think he can beat Jawm Works without trouble.

The return of A. J. Wallace to this city after another nerve-racking canvass of the North, reminds me of a story told about him in San Francisco. The candidate for lieutenant-governor on the Link-Rooster ticket called at headquarters there. It seems the chairman of the committee has a signal for his faithful secretary when a too important visitor is taking too much of the valuable time of the venerable Doc Rowell. One day the buzzer almost climbed on the secretary's desk in its eagerness to let him know that some bore was camped out in the inner sanctum. The secretary hastened into the other room and found a dignified gentleman busy over some papers. "I have here some data about the formation of Hiram Johnson-Wallace Clubs in this section," began the visitor somewhat peevishly. Our revered doctor was suddenly called out. Perhaps you can attend to the matter." Mindful of the message of the buzzer, the secretary thoughtlessly replied that he had heard of Hiram but did not recall any party by the name of Wallace. "Who is this man?" he is reported as saying. The visitor fixed him with a sorrowful gaze. "Young man, I am Wallace."

The laborites who are now starting a petition for a referendum vote on the picketing ordinance are doing the best possible turn for the advocates of industrial freedom in this city. I don't remember any past occasion when the citizens went on record as favoring the closed shop, and the sentiment of the people is even stronger today after twenty years of industrial peace than ever. If the question of a closed or open shop goes to vote, it is a strong ringing approval of the principles for which the business men have consistently fought all these years. While I abominate the referendum as a freak law, for once I will stand delightedly by while the votes are being counted. It will be an object lesson to some of the San Francisco agitators who are trying to introduce their methods in this peaceful city.

Frank L. Caughy, candidate for reelection as clerk of the Supreme Court, has returned to San Francisco after doing some very effective work for himself in this section. "Pinhead" McCarthy has brought out one of his principal friends for the same job. His principal qualification is said to be his former friendship with Abe Ruef. The fact that all the justices of the Supreme Court are desirous of Caughy's reelection seems to carry weight. As long as one's superior officers are abnormally satisfied with the incumbent, it would seem that the rest of us ought to be satisfied.

the two self-appointed Mosesses of the insurgents of California.

Though Gov. Gillett has not given any indication of his preference in appointing a man to fill the position made vacant by the death of Appellate Judge Taggart, there is a rumor that Judge James will get the appointment. James is candidate for nomination on the Republican ticket for the Supreme Court, but the other job ought to be considerable of a temptation. The place pays \$7000 a year. I am told that about twenty local lawyers are trying to land it.

Realizing that Los Angeles and vicinity has the balance of power in the coming primaries, candidates from the North are flocking here to expound their gospel and seek the votes of the people. Alden Anderson, gubernatorial candidate, came to town last week. Charles Ellery is the last arrival. He reached the city in his big automobile after a rapid canvass of some of the San Joaquin Valley towns.

As time goes on my conviction that Phil Stanton will be the next Governor receives additional assurances. He is the only candidate from Southern California. In spite of the boasts of Hiram's friends, Johnson is not popular in the South. Ellery will poll more votes here, according to many indications. The Northern end of the State is hopelessly split. I know the friends of more than one candidate for the Chief Executive have told me that they will turn to Stanton at the last rather than let Hiram stand a chance of the nomination. The laborites will support Curry. Stanton is gaining ground in the North.

Chester Stevenson, who brought in club of ten new annuals in the scholarship contest.

subscriptions, during the first three days of this week, Monday, Tuesday and Wednesday. There is a scarf pin for the boy and a lace pin for the girl who wins in this short but important race.

While all these "side" races are interesting in themselves and serve the good purpose of stimulating interest and distributing favors along the way, it must not be forgotten that the points scored also count in the great race.

One of the beauties of the short contest is the fact that they offer an opportunity for those who are not at the top to show what they can do.

The scoring was light on Monday, and there were few changes of either count or place, as most of the young people were laying their plans to round up their big figures by Wednesday night and did not stop for anything in the rush to get the week's work under way.

Several have already started work on the second new annual books. These will run for the twenty days, as did the first ones; in other words, any one who from any given date, when he takes the annual books, fills one with ten new annual subscriptions, within twenty days from that date, is entitled to the extra count of 10,000 on these books. This is a great incentive, for this is the work which pays best.

Again it is urged that the coupons turned in for the contestants be saved in bundles of twenty-five, and marked with the contestant's name. This is very necessary, as otherwise it will take much longer to count them and they may not get into the day's count. Sometimes a very few points make all the difference between keeping one's place or going down, or a few points may send one up with a rush quite unaccountable. As yesterday a few points sent little Joe Glitsburg from 25 to 35.

The scholarship manager had a very interesting talk with one of the boys who won a scholarship three years ago. Greater Orilla, who won a business scholarship, told how he had found the education secured in the contest quite as valuable as was the scholarship itself. "Not only was the training valuable in that I learned how to approach people and how to state my case," said he, "but the acquaintances made through the effort in the scholarship have been of distinct value to me since, and have helped me in my business." Young Orilla expressed his determination to assist Joe Zerboni in his scholarship ambitions, and will go to Ocean Park to confer with Joe.

Another of the "old contestants" although she is really still very young—little Anna Bloom, who called at the scholarship headquarters and said she intends to help one of the girls, probably Fair Florence.

Florence, by the bye, spent the week-end at the Glasscock ranch in the San Fernando Valley, and it is said that, while there, she took advantage of the "open season" and made a "killing."

Anna Montgomery is spending a part of the week at Sawtelle, and is being helped by a number of the soldiers, the being the daughter of a veteran. Anna is a hard worker and has a "rattling" on "Poli" street, near his residence.

Mr. and Mrs. Theodore Roosevelt, Jr., were in the Ojai Valley Saturday and paid a visit to the Matijilla. The honeymooners came over from Miramar in the White automobile in company with Mr. and Mrs. Stuart Edward White.

The Ojai Valley produced 100 tons of dried apricots this year and about fifty tons of the green fruit were sold. The apricots were very superior in size

BUSINESS MAN ADMIRE IT.

IMPRESSED BY USEFULNESS OF SCHOLARSHIP CONTEST.

Such an Opportunity Would Have Been Worth Thousands of Dollars to Him, He Says—Value of Chance to Get a Specialized Education Is Pointed Out.

Thomas H. Traverson, a manufacturer of Fall River, Mass., now touring California, came to The Times office yesterday for the purpose of expressing his commendation of the scholarship contest idea.

"Only a man who has had to struggle for an education as I did can fully appreciate what an opportunity The Times is holding out to these young people," said Mr. Traverson.

"It seems to me the most remarkable institution I have seen since I left New England."

"Although we naturally rejoice for the young people, some of us old fellows cannot witness such an opportunity being put before boys and girls without a feeling almost of sadness."

"No one knows what it would have meant to me when I was young. It would have saved me a good deal of sorrow and a good deal of work that was too hard for a boy, and a good many disappointments and a good many hard years."

"I had a tough time getting my education. There were public schools, of course, same as there are now; but my folks were poor and I had to make my own way from the time I was 15. Somehow or other, I managed to stick in a little schooling between times and after work and before. I had to grab it up a little bit at a time, as I could find it. Most of it I got from the hard knocks of bitter experience."

It would have been worth everything to me if I had been able to get an education along my special line. This is the day of specialization. I wanted a special business course, but could not afford it, and I had to pick up my business education as I went along. I lost thousands of dollars by being green when I started. It delights my soul to see these chances set before young people here."

After an examination into the methods of the scholarship contest, the Massachusetts man went away, enthusiastic, having ordered The Times sent to his New England home for the period of a year.

"The campaign of these boys and girls for circulation points," he said, "is a valuable business experience in itself. It strikes me as being a pretty easy way to secure a good education."

WOMAN BETRAYS BANK TELLER.

Detective Captures Man Accused of Embezzlement by Trailing His Companion.

[ASSOCIATED PRESS NEWS REPORT.] PHILADELPHIA, July 18.—J. Howard Lowery, alias James S. Johnson, wanted in Utica, N. Y., for alleged embezzlement of more than \$100,000 from the Utica City National Bank, was betrayed into the hands of Detective Daniel J. Kellher here today by a woman, and taken to New York State before the local authorities were aware of what was going on.

Lowery was a note teller in the bank and disappeared last April, while an examiner was going over the bank's books. Kellher learned that a woman in Wilmington, Del., was in correspondence with the former teller, and shadowed her for nearly a week. Last night the detective noticed her leave her house with a suit case and he followed her to Philadelphia and forced her to tell Lowery's address in this city.

A fire in the Standard Oil Company's factory at Whiting, Ind., yesterday destroyed the grease plant, with a loss of \$200,000.

SEVEN OAKS, July 18.—A. K. Brauer of Los Angeles, an enthusiastic sportsman, is having a run of good luck here this summer.

Charles Smith, his son Leon, and Mr. and Mrs. Burrell and family are among Los Angeles people summering here. They spent two days fishing in Bear creek and met with success.

Rudolf, Bert and David Schiefer left yesterday for Los Angeles after a two weeks' stay. They earned the reputation of being the best "hikers" in camp, having scaled many of the near-by peaks. The Schiefers well known in the Seven Oaks to Bear Valley was a mere pastime to them. Their pedometer recorded 250 miles for their stay here.

Miss Ray Squares, well known in the younger social set of Los Angeles, will spend the rest of July and August here.

Nearly 100 members of the legal fraternity from all sections of the country attended the opening at Naragansett Pier yesterday of the sixteenth annual convention of the Commercial Law League of America. Many social events have been arranged.

WHAT MARJORIE RAMBEAU

the highly talented leading lady of the Burbank Theater says about the

FRANK B. LONG MELODY-GRAND

"Your Melody-grand piano in upright form has struck a responsive chord in my heart, and I am simply delighted with its beautiful tone effects. I did not realize that it was possible to get a piano in upright form that had such a great big tone, such as one expects to find only in the flat grand. I know it will be an added pleasure for me to have your Melody-grand for my vocal work, as its wonderful singing quality of tone is just what I have been looking for."

Yours, very cordially,
MARJORIE RAMBEAU.

THE FRANK B. LONG MELODY-GRAND has the equalized tone-reflecting sounding board, the non-harmonic scale and the cushion-flange action. These improvements were invented by Mr. Long and patented by him in America, England, France, Germany and Canada. It stands supreme among pianos of today. We want to show you what the Scientific American and the highest musical authorities say regarding the Melody-grand.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

IS ON TRIAL FOR HIS LIFE.

SANTA ANA. **WILL MAKE DAM BIGGER.** Sweetwater Company Decides to Spend Two Hundred Thousand Dollars on the Job.

SAN DIEGO, July 18.—B. P. Cheney, Sweetwater company director, has decided to increase the height of the Sweetwater dam fifteen feet. Its completion will add 70 per cent to the capacity of the reservoir. The cost will be \$200,000. Bonds to that amount are to be issued by the Sweetwater company, of which Mr. Cheney is president. The increased water capacity insures further development of the unused lands around National City and Chula Vista.

CHILD IS MARRIED AGAIN.

"Splash Me" Girl, Aged Fifteen, is Once More Wedded to Bridegroom of Twenty-one.

SAN DIEGO, July 18.—[Exclusive Dispatch.] Frances White, aged 15, was married here today to Alonzo Harwood, 21, both of Los Angeles. Justice Thorp performed the ceremony. The bride was accompanied by her mother, Mrs. Mary White. The bride recently filled a theatrical engagement here.

LOG RAPT ARRIVES.

The tug Hercules, bringing a huge raft of 6,000,000 feet of logs, arrived this morning. The trip from the Columbia River was made in sixteen days. The logs were delivered to the Benson Lumber Company. The trip was made without incident, not a log being lost.

TORPEDO BOATS PRACTICE.

The five torpedo boats making headquarters here, left this morning for the vicinity of Catalina Islands to engage in target practice. They are the Frodo, the Stewart, the Perry, the Hopkins and Paul Jones. The submarines Grampus and Pike are still here. Efforts to recover the lost torpedo dropped into the bay have been abandoned.

STORM ADDS TO CHARM.

Rain at Idyllwild Brings Out Strongly the Fragrance of the Pines—Peak Climbers.

IDYLLWILD, July 18.—Clouds began to gather about 4:30 o'clock p.m. yesterday, with now and then a streak of zig-zag lightning and a deep roll of thunder seeming to come from the Taquiltz (Devil) Mountain. Soon big drops began to fall. For about half an hour there were short showers, and in the midst of them came galloping a cavalcade of boys and girls who had been out horseback riding. Just after they had gotten safely in the house, the rain ceased, and for about an hour there was a good, old-fashioned eastern storm. It left the atmosphere cool and refreshing, and brought out strongly the fragrance of the pines.

MEXICAN SQUABLES.

Ruperts Saragoza is in the County Jail accused of attempting to murder his brother-in-law, Pedro Salcido, by shooting him twice through the abdomen and once through the arm.

Saragoza's sister, Guadalupe, married Salcido eight years ago, and she and her husband, Saturday, went to her father's home near Fairview, where her husband had been beaten. She said that night Salcido began a search for her. Finding her with her brother, he ordered her to go home with him, and when she refused he tried to strangle her. The brother interfered. Salcido drew a knife, lunged at Saragoza and cut him across the forehead. Saragoza drew a .38-caliber revolver and fired three shots.

Salcido staggered to the Newport Dairy, 250 yards away, and she later called for Sheriff Lacy and County Physician Ball. Saragoza was found asleep when the officers arrived. The wounded man will probably recover.

Late last night Carlos Masel with-out provocation attempted to stab John Martinez. Martinez was talking to a dishwasher in a Japanese restaurant on Bush street when he was called to the door by Masel, whom Martinez says he never saw before. Martinez jumped at him with a knife. Martinez's wrist was cut and his shirt slashed. Martinez overpowered his assailant and took the knife from him.

CHANGES HIS PLEA.

Onard Mexican, Guilty of Man-slaughter, Will Be Sentenced at Ventura Tomorrow.

VENTURA, July 18.—Dolores Quintana appeared before Judge Clarke in the Superior Court this morning and changed a plea of guilty to manslaughter of having murdered the Night Watchman Andrew McNaughton. McNaughton was killed on Wednesday at 10 o'clock. This was the day set for the beginning of his trial for this murder. Four years ago Manuel Fabila, Dolores Quintana and Paulino Medrano were surprised by McNaughton when they were coming out of a Japanese poolroom in the red-light district. They had looted the place. McNaughton grappled with Quintana. The latter cried for help and the other two were surprised. Quintana was twice tried, but by Fabila was apprehended and sentenced for life. Quintana would not testify for fear of incriminating himself. Medrano, though in jail, has testimony for the prosecution in all the trial. It is thought he will be let off lightly.

WEATHER AFFECTS ATTENDANCE.

All-Day Rain at Huntington Beach Keeps People Away from Methodist Camp Meeting.

HUNTINGTON BEACH, July 18.—Rain, which continued here nearly all day, interfered somewhat with the attendance at the Methodist camp meeting. However, there were fairly large audiences, despite the adverse weather. The regular daily programme was announced, and it will hereafter until the close of the meetings include sunrise prayer meetings at 7:30 o'clock, morning sermons by pastors in attendance from other cities, the afternoon address by Rev. J. W. McConnell, president of DePaul University, and the nightly sermons of Bishop Hughes. The date for the week's session of the Epworth League has not yet been fixed. Dr. McConnell spoke of "The Fundamentals and Essentials of Christianity" this afternoon. There was an attractive song service led by Evangelist James Patterson. Rev. A. M. Walton of Elsinore will deliver a sermon tomorrow morning at 10 o'clock. A children's meeting, at which thirty-five little ones were present, was held early this afternoon. Deaconess Reed presided.

Contracts were let today by Stack Brothers of Colton for the immediate erection of a concrete block, 24x10 feet, to be used for store rooms. It will be located between Ocean and Walnut avenues. Excavation for the foundation will begin this week.

TIZ--For Sore Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ. It's Sure, Quick, and Certain.

You Will Enjoy Using TIZ. The Most Pleasant Remedy You Ever Tried and Moreover, It Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen feet. No more smelly feet. No more corns. No more callouses. No more bunions. What all your feet or what under the skin you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisons, exudations which cause sore feet, and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time you use it. Ever had a week and you can forget you ever had sore feet. There is nothing on earth that can compare with TIZ for sale at all drug stores, 25 cents per box or dime if you wish from Walter Luther Dodge & Co., Chicago, Ill. Recommended and sold by The Owl Drug Stores.

BABY ONE YEAR OLD GOT ECZEMA

Got eczema on hands, face, nose and mouth—Hard crust formed, cracked and blood ran out—Itched frightfully—Could not rest—Mitts on hands to prevent scratching—Mother forced to sit with baby day and night—Used Cuticura Soap and Ointment as directed—In three days crust began to come off—In a week there was no more scab—Now baby is cured without a mark—Sleeps soundly in her cradle and parents in their bed—No more sleepless nights because of baby's suffering—Cuticura seems a wonderful remedy for this disease.

Extract from the letter of Mr. Henry M. Fogel, R.F.D. 1, Bath, Pa., December 8, 1909.

Cuticura Remedies are sold throughout the civilized world, Cuticura Soap (25c.), Cuticura Ointment (50c.), Cuticura Resolvent (50c.), and Cuticura Pills (25c.). Potter Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston. Sold also by all druggists and dealers.

the stairs in the bull pen, only a few steps from the jail office and in view of the corridor. He does not go to the jail reformatory, but his cell and those of the other watchmen are brought on a walter at meal time. Prisoner and watch eat together grim, silent, each taking constant care of every morsel of food.

The constant restraint limits on the eyes of the big policemen, but the corridor shows no sign of relinquishment of attention to cheating and plotting. Before the watch he will lie on cot, closing his eyes and remaining motionless by the hour, but the slightest sound will start him up, and he will cause him to sily open his eyes. He sits slightly below the average height of rather slender build, Luitweller has a face that shows the first indications of the disease that is taking its life away. Nor is there anything out his appearance that would suggest a man who has been in prison for life.

His suicide, as Luitweller is said to have done. Even before the tragedy, was always quiet and reserved, but want of voice and affable manner.
